ADVANCED FAMILY EDUCATION Group

"There is Hope"

For families of patients with *multiple* treatment attempts, or a *long history* of resisting recovery.

- **No Charge and No Time Commitment Required**
- **No Need to Register, Just Show up**
- **Sharing is Optional, Education is Not**

When Trying to Help, Education is the Key

This group is open to any family member, friend, or significant other of a Calvary patient whether residential, detox, intensive outpatient or aftercare -or any other interested parties.

Addiction is a family disease. It doesn't mean the family caused it. It means the whole family is affected by it. The more that family members can learn about addiction and recovery, the more they are able to help save a loved one and put an end to their suffering.

**Group Meets on First
Wed. of Each Month
6:30pm to 8:00pm
At Calvary
Healing Center
In the Family Center
(at back of property)**

*Facilitated by Mike Speakman,
LISAC -Family educator*

Mike is a licensed substance abuse counselor and *Family Education* specialist. His goal is to provide speakers who have successfully overcome their alcohol and drug addiction. Men and women who are willing to share their experience strength and hope with family members who are still struggling.

Mike is on staff at [Calvary Healing Center](http://CalvaryHealingCenter.com), and in 2007, founded PAL, (Parents of Addicted Loved-ones). PAL is a free, weekly, educational self-help group for parents and spouses struggling with addiction in their family. Go to <https://palgroup.org/> for more information.

**Also, for more information, contact
Mike Speakman at: (602) 279-1468**
